

Dear Friends of Leonardo's;

Leonardo's Children's Museum is CHANGING THE FUTURE one family at a time! Our mission has always been to enrich and inspire children of all ages with fun learning opportunities. The scientists, artists, engineers and creative thinkers of the future are stimulated at Leonardo's. Daily intergenerational guests come and play together. As recently as last weekend Leonardo's was proud to host four generations of the Parker family who worked as a team and built an airplane in our Tinkering Exhibit! Just look at the pride and happiness on the faces in this photo! This is Richard, great grandfather; Rick, grandfather; Matt, father and Dustin, inspired grandson. This team of men decided to get out of the house, spend quality time together and make a memory.

I am appealing to you today to make an end-of-year donation to keep experiences like this available and affordable in downtown Enid, OK! All donations are MATCHED by our friends at Park Avenue Thrift! (Always remember to take your 'stuff' to Park Avenue as they are priceless partners of Leonardo's.)

A donation of any size is helpful, but these small tokens of our appreciation will be sent to you for various gift levels. If you prefer not to receive the item that corresponds with your gift please let us know:

- \* \$50-149 level - Leonardo's brand oval sticker
- \* \$150-199 level - Two single day admission passes
- \* \$200-499 level - Leonardo's branded die cut sticker
- \* \$500-999 level - Leonardo's branded designer tee shirt
- \* \$1,000&Up level - Invitation to Wine and Cheese Reception with a special guest

As funding cuts continue to restrict the budgets of education---Leonardo's Children's Museum FILLS THE GAP. Many children who visit us do not have an art class at school, are not allowed free time to truly explore the amazing field of science and are suffering from tremendous pressure to perform well on standardized exams. We currently have a student in one of our art classes whose ONLY exposure to art education is this museum and our educational offerings. When a family is exploring at Leonardo's the pressure is lifted and families are encouraged to frolic, pretend and experiment together. Please send a gift to Leonardo's to make a difference!

Have a blessed holiday season,

Tracy Bittle,  
Executive Director

Becky Bules,  
Chair, Board of Directors
