# 30th Birthday Celebration **Community Mural**

At our 30th Birthday Party on September 24, when guests donated \$10 or more, they were given the opportunity to paint a spot on our community mural. The beehive was chosen as a symbol of community and the amazing things we can accomplish when we work together.

#### A NOTE FROM OUR EXECUTIVE DIRECTOR

TRACY BITTLE, MPH Executive Director, Leonardo's Children's Museum

I am so very proud of the Leonardo's Children's Museum Board of Directors and Staff! The accomplishment of our mission would never happen without these people. Leonardo's mission statement is to enrich and inspire children of all ages by creating fun learning opportunities. Every member of Leonardo's team takes this very seriously and works to attain this each day. Our history is rich with two founders, Mary Helen Walker Garriott and Dr. Owen K. Garriott that recognized a community need and made it happen. The Garriotts were far ahead of their time—they knew STEAM (Science, Technology, Engineering, Arts, and Mathematics) was the wave of the future.

The last fiscal year October 1, 2021, to September 30, 2022, was our best year yet. Especially when one considers how far the worldwide pandemic set back our organization. Steady growth in income and tightly controlled expenses provided a profit margin that will allow reinvestment into the children's museum and Adventure Quest.

Don't you think it is amazing that people come from all over the world, our nation, and our state to enjoy Leonardo's Children's Museum? Guests travel to Enid, Oklahoma to play at our state-of-the-art, award-winning museum. These visitors often express surprise at the caliber of facility that we have. Once they learn the story behind it, they are even more impressed. For a community this size your children's museum is outstanding. Pulling the data for this year's reports was fun. Please take the time to study the information presented and think about the impact that Leonardo's has on guests and the community.

And finally, please remember that leadership at Leonardo's works hard to keep entry fees affordable. Admission to this children's museum covers about 30% of operational expenses. I am very proud of how efficient this organization is and how far we can "stretch a dollar." But Leonardo's MUST also have memberships, donations, grants, and event attendance to continue to grow. Please continue to partner with us to keep this Enid icon healthy and growing during an inflation ridden economy. Without YOU, Leonardo's would not be here. So, keep up the great work and let's see if we can beat this year's record! If you have ideas you want to share please give me a call at the museum, 580-233-ARTS, x1003.

# Celebrating 30 Years

Leonardo's celebrated a major milestone in September of 30 years of inspiring children. In 1992 our founders officially established our 501c3 non-profit and set out to make their dream for our community a reality!

We celebrated for the entire month all culminating in a big birthday party. Leonardo's is known as a great place for parties, so we knew there was a high bar to meet. On September 24th we invited the community to celebrate with us. We had live science shows and challenges, a 30 years of Leonardo's exhibit, special commemorative merchandise, a giant 50' inflatable obstacle course, cake, and much more!

Another highlight from our 30th birthday party was our community mural fundraiser. We worked with local artists Hive Appeal to design a beautiful mural that our guests could help paint. With a donation of \$10 or more guests got to leave their mark at Adventure Quest. We wanted to give a new generation the opportunity to feel invested in Adventure Quest like the members of our community who built it from the ground up years

We are very proud that we have inspired an entire generation of kids with fun hands-on arts and science, and we are thrilled at the opportunity to inspire the next generation.
